## Questionnaire

Welcome to Gyeongju National Park!

As park rangers of Gyeongju National Park, we are conducting the questionnaire for foreign students because we are ambitiously planning the customized ecotourism programs for them. Prior to launching the official programs, we need your frank opinions and/or suggestions to improve our programs.

What's valuable for us is your candid ideas and/or thoughts that you have got while participating in our pilot programs.

We guarantee that your data will be thoroughly confidential and used only to analyze statistically.

Please fill in the blanks with accurate information and complete briefly and frankly. Participants are requested to answer all questions in English.

Thank you for your attention and cooperation.

• Survey Conducting Agency : Gyeongju National Park Office(054-778-4100)

Personal Information
Nationality

Gender
